

## BACK COVER FOR RESCUE TRAILER

### Cover for the load - opening of the TYROMONT rescue trailer.

Protects the interior during the carriage drive and keeps the parked trailer dry and clean. Protects from access by unauthorized persons. Manufactured from high-strength, water-resistant nylon fabric.

The cover is simply pulled over the opening and is held in place by an elastic rim and two Velcro fasteners at the bottom.

**IMPORTANT:** May not be used during transportation of passengers (due to supply of fresh air)!
