

SUSPENSION TYROLL CS II

Lanyard for roping up and down the TYROLL CS.

Using the TYROLL CS II #93541 suspension, the TYROLL CS can be brought into an upright position in tight spots to enable roping up and down.

The system consists of the following parts:

- Petzl PAW L rigging plate, EN795-B, breaking load 36kN
- EXPRESS slings by Petzl, EN566, breaking strength 22kN
- Petzl ATTACHE Screw, EN12275, breaking strength 22kN
- RING OPEN by Petzl, EN362, breaking strength 23kN

The system is delivered in a practical storage bag.
